

Dalum Food and Fire experience

“Experience the joy of wild dining and the Great Nordic outdoors”

Dalum Food and Fire experience – Spring/Summer/Autumn

Join us on our adventures in the best combination of adventure and relaxation. Gather around the open fire, feel the joy, the warmth, and a tasty outdoor meal.

After a good night's sleep, you wake up to a breakfast buffet served overlooking the beautiful nature and surroundings. During the day, we will enjoy outdoor activities such as hiking and canoeing on the local lakes or rivers. Our locations are rich in wildlife and if we are lucky, we might spot free roaming wildlife during our outdoor activities. Back at the camp you can enjoy relaxing time, a sauna bath and a refreshing swim in the lake.

During the stay you will learn new skills such as fire technique and outdoor cooking workshops. With our newly learn skills, together we will cook a delicious multi-course Nordic cuisine dinner. The dinner will be served at a set table where you will sit on warm and cosy reindeer pelts. All meals will be cooked over an open fire.
