

The hunt of the Arctic char!

Guided ice fishing in the wilderness of Sweden

Catching an Arctic char is on the wishing list of many fishermen, and with a knowledgeable guide who knows the fishing waters in the area and technique to trick them to strike, your chances of success increase rapidly! To fish for the legendary Arctic char is both exciting and challenging. This fish with its fiery belly and black fins with white borders is a beauty to view and fight with on the rod when it is both pugnacious and crafty. The following fishing experience fits kids and adults, beginners and experienced anglers, groups of friends or colleagues.

Welcome to accompany Anglerman out on any of the countless lakes in the beautiful wilderness of the community Älvdalen in the centre of Sweden.

Try out Fly fishing!

Full day course in fly fishing in northern Dalarna, Sweden with private guide / instructor

In the community of Älvdalen, a part of Sweden's southernmost wilderness, the recognized in the fly fishing circuits river Österdalälven flows. Home of both wild trout and grayling where caught fish of over kilos are recorded every season. Enjoy a wild and beautiful nature where the river is easily waded and offers a great variety of fishing in both flowing rapids, pool necks and deeper parts. Here, our knowledgeable guide will take you out one day in the signs of learning and fishing, where we go through the basics of fly fishing, learn how to cast, and try to catch your first trout or grayling on a fly rod as soon as possible. The guide also provides some basics in the entomology of insects based on fly selection, equipment with tips and tricks and how to read and fish the water most efficiently. We practice catch & release to the greatest extent possible!

Guided Pike Fly fishing Fly fishing

From a smaller boat or floating tube where we search for bays and ledges for spectacular strikes!
