

EcoCamping Take a break from everyday life and treat yourself to a visit to Fulufjället National Park. Stay in our comfortable tents. Our Glamping pods are situated next to the mountain station. Visit our most famous sights such as the country's highest waterfall Njupesjär or the 9500 year old spruce clone Old Tjikko. Then end the day in our sauna. Insulated walls and floors. We have a gas stove to keep warm on cold days.

Comfortable chairs that you take with you out on the wooden deck where you sit and enjoy the view.

Packrafting & Hiking to Njupesjär & Old Tjikko We go packrafting and hiking. We start packrafting over the lake and in to the small creek above Swedens highest waterfall Njupesjär.

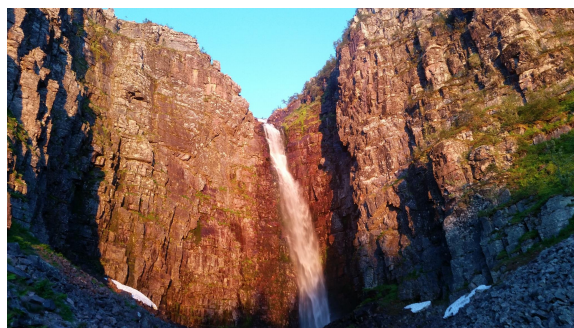

We check the waterfall out from above before we continue to Old Tjikko. Worlds Oldest Spruce 9550 years old.

Hiking back over the mountain plateau with a quick stop at the sacrificial altars before we are back at the camp.

Hiking Secrets of Fulufjället National Park Your private guide will take off trail to the most secret spots of Fulufjället. Most of these aren't on the tourist maps. A spectacular view on top of the mountain plateau.

We visit, Njupesjär Swedens highest waterfall, worlds oldest tree Old Tjikko, graves, sacrificial altars and a Stone Age visit.
